

Member School Districts: Airport, Flat Rock, Gibraltar, Grosse Ile, Huron, Riverview, Southgate, Trenton, and Woodhaven-Brownstown

Code of Conduct for Students Riding the Career Technology Education (CTE) Bus

- Be ready to get on the bus as soon as it arrives.
- Be courteous to the bus driver and peers.
- Students must remain on their incoming bus until all buses arrive at the designated hub location and are stopped. At this time the transfer may begin. (See Transportation Hub Policy below)
- General rules similar to your home school are strictly enforced at the designated (hub) location. There is absolutely **NO** smoking/vaping, **NO** snowball throwing, and **NO** fighting. Also, no student is to leave the designated (hub) area.
- **Students guilty of smoking, vaping, fighting, vandalism, using obscene or profane language, or any other inappropriate behavior on the bus will forfeit their right to ride the bus.**
- There is no eating on the buses.
- All transfer students must ride the bus unless given written authorization from their home and receiving principal to drive cars. (See Driving Policy)
- Transfer students are **required** to carry identification cards. This card will be issued by the instructor of your career technical class and completed by you. You must show this card to the bus driver upon request. The bus driver may refuse transportation to any student who does not have an I.D. card.
- A student who does not abide by the above rules will jeopardize his/her privilege of participating in career technical programs.
- A **ZERO TOLERANCE** policy is in force on all CTE buses and at the hub.
-

Transportation Hub Policy

School districts will provide transportation for students to CTE programs. Students are expected to use this bus service. All students must adhere to the Code of Conduct stated above while at the designated hub location.

Transportation Process:

- Twice during the day, transfer students are transported by their home school buses to a centralized drop point (hub).
- CTE buses returning to their home school will transport transfer students who will be attending programs at their high school.
- CTE buses then transport the transfer students back to the hub.
- Home school buses transport their transfer students back to their home schools.

The transportation hub is located in the Flat Rock Assembly Plant complex. Flat Rock Assembly employees will be working nearby. Inappropriate behavior at the hub **will not** be tolerated and will result in immediate loss of transportation to their CTE program.

Students must only enter and leave the hub via school bus. Parents are not permitted to drive or pick up their student to at the hub. If a student misses the bus from his/her school to the hub, parents and/or school officials are allowed to drive the student to the school where the career and technical education program is housed. If a student must leave early, the student must be picked up at the school, not the hub, with the permission of the home school and notification to the educating school before a student may be picked up at the educating school.

**Please be advised that the Flat Rock Assembly Plant is a federal trade zone.
Any laws broken on the premises are a federal offense and will be handled by the federal courts.**
